Professional Summary

Software Engineer with 3+ years of experience building responsive, scalable web applications using React, Next.js, Node.js, TypeScript, and modern database technologies. Combining software engineering expertise with a background in Accounting and Finance, I turn complex business needs into intuitive, practical digital solutions. Passionate about clean code, seamless user experiences, and building products that solve real problems and deliver measurable value.

Technical Skills

- **Frontend**: React.js, Next.js, TypeScript, JavaScript , Tanstack Query, Tailwind CSS
- **Backend & APIs**: Node.js, Express.js, REST APIs, Authentication and Authorization
- **Databases & ORM:** PostgreSQL, MongoDB, Prisma ORM
- **Deployment & Hosting:** Vercel, Netlify, Railway
- **Others**: QuickBooks, Microsoft Office Suite

Professional Experience

Frontend Engineer (Contract)

Doltech | Nov 2025 – May 2026

- Developed a SUSU administration dashboard featuring user management, KYC verification, audit monitoring, and operational workflows for financial service administration.
- Implemented role-based access control for Super Admin, Operations, KYC, Finance, Support, and Audit teams to support secure, role-specific access.
- Designed and developed a responsive construction company website, translating business requirements into functional, user-friendly web experiences.
- Delivered maintainable interfaces and application features through reusable components, responsive design, and structured development practices.

Full-Stack Software Engineer (Freelance)

Yenara Consult & Yenara Foundation | Jan 2026 – June 2026

- Designed, developed, and deployed websites for Yenara Consult and Yenara Foundation, translating organisational requirements into responsive digital experiences and providing ongoing website updates for Yenara Consult.

SELECTED PROJECTS

Finflex | Personal Finance SaaS

Independent Project | June 2026 – Present

- Developed a personal finance platform that presents complex financial information through accessible dashboards, reports, budgeting tools, and transaction summaries.
- Implemented financial analytics, transaction categorisation, savings goals, and subscription functionality using Next.js, TypeScript, Prisma, and PostgreSQL.

ADDITIONAL PROFESSIONAL EXPERIENCE

Junior Accountant

Asar Ramofh Limited, Spintex, Ghana | Oct 2021 – Feb 2023

- Managed accounts payable, receivable, payroll, and general ledger activities, supporting accurate financial records and routine business operations.
- Prepared financial reports, tax documentation, and client reports to support financial monitoring and compliance.
- Assisted with audits, reconciliations, and discrepancy resolution, applying analytical thinking and attention to detail to financial information.
- Supported the preparation and maintenance of financial records across client accounts, contributing to organised reporting and reliable financial information.
